IMPORTANT NOTICE

INSURANCE

NO MOTORCYCLE may be ridden on open roads, not even to and from the starting point at any time, without Road Traffic Act Insurance. This cover may be obtained from the Race Office.

Riders may wish to explore the possibilities of arranging cover through their own insurers for this purpose.

Third party insurance for all riders and personal accident insurance for ACU and SACU licence holders during the races and official practices are included in the Entrance Fee. Non ACU and SACU licence holders must have Personal Accident insurance as required by their own national federation (see Reg. 8).

Insurance for increased benefits can be effected by application direct to Motor Sports Risk Services, Lockton Companies International Ltd., Hanover House, 30/32 Charlotte Street, Manchester, M11 4FD (tel: 0161-228-0721) or during signing-on periods at the Race Office, Grandstand, Douglas, Isle of Man.

SPECIAL POINTS

- (1) Entries close on the Saturday 12 June 2010 in accordance with Regulation 7.
- (2) All Competitors resident in the UK must have held as a minimum a National Licence issued by the ACU or SACU for at least six months prior to the first day of practising. Competitors from other Federations within the UEM must have held as a minimum a National Licence for a minimum of six months prior to the first day of practising (Reg 6).
In addition to enter this event all competitors must hold a "TT Course Licence" issued by the ACU at a cost of £25.00 in addition to any normal licence fees. An application form for such a licence is enclosed and should be returned to the Auto Cycle Union.
Please note - A "TT Course Licence" issued by the ACU does not guarantee an entry into the Manx Grand Prix Races.
- (3) Competition licences, starting permission (for non ACU/SACU licence holders) and TT Course licences detailed in Reg 6 (a)(1) must be produced when signing on (Reg 9)
- (4) Riders who are unable to commence practice on or before Monday 23 August may not be permitted to compete. Riders with previous experience on the TT Course may apply for dispensation to the Clerk of the Course to commence practice no later than Wednesday 25 August. All newcomer riders in the Classic or Newcomers Races must have completed 3 laps before Wednesday 25 August (See Reg 13).
- (5) Riders may use their own painted backgrounds but if they do so they must be matt and the RAL colours specified (See Reg 10).

6. ELIGIBILITY

(1) Riders Licences

ACU and SACU licence holders must have held as a minimum a National Licence issued by the ACU or the SACU for at least six months prior to the first day of practising. Competitors from other Federations within the UEM must have held as a minimum a National Licence issued by their FMN for a minimum of six months prior to the first day of practising. In addition to enter this event all competitors must hold a "TT Course Licence" issued by the ACU at a cost of £25.00 in addition to any normal licence fees. An application form for such a licence is enclosed with these Supplementary Regulations.

(2) Eligibility

In these regulations and in any other instructions or directive issued by the Club, the term "rider" shall refer to any person who has been accepted as a rider in any of the races. Riders must be 18 years or older on 21 August 2010.

(3) Additional conditions for classes

Newcomers

The only riders eligible for the Newcomers Race and the only riders regarded as newcomers in the Classic Races shall be those who have not previously qualified to ride or ridden in any motorcycle race run over the TT Mountain Course. A rider who has previously competed on the TT Mountain Course only as a TT sidecar driver or passenger is regarded as a Newcomer in the Manx Grand Prix. Riders entering the Newcomers Race may also enter for the Junior, Lightweight, Ultra Lightweight or Senior races but may compete in these races only if they have qualified to start in the Newcomers Race and achieved the qualifying time for the other races entered.

Manx Post Classic Grand Prix & Classic Races

There are no additional conditions.

Lightweight Manx Grand Prix

- (i) Previous winners of Newcomers, Classic, Lightweight, Ultra Lightweight, Junior and Senior Manx Grand Prix Races are eligible.
- (ii) Riders who have previously qualified to start in any TT solo race on the TT Mountain Course are eligible.

Ultra Lightweight, Junior & Senior Manx Grand Prix

- (i) Previous winners of Newcomers, Classic, Lightweight and Ultra Lightweight Manx Grand Prix Races are eligible (subject to (ii) below). Previous winners of Junior and Senior Manx Grand Prix Races are NOT eligible.
- (ii) Riders who have previously competed in any TT solo race on the TT Mountain Course (except Production or Historic TT Races) are NOT eligible if:
 - they have qualified to start in any TT solo race on the TT Mountain Course in the last two years, eg a rider who wishes to compete in the 2010 Manx Grand Prix must not have qualified to start in any TT solo race on the TT Mountain Course in 2009 and 2010.
 - they have won a silver replica in any TT solo race on the TT Mountain Course in the last four years, eg a rider who wishes to compete in the 2010 Manx Grand Prix must not have won a silver replica in any TT solo race on the TT Mountain Course from 2007-2010 inclusive.
- (iii) Riders in TT Production or TT Zero Races who have qualified for and competed in the Senior TT on a production machine or the TT Zero on a TT Zero machine only are eligible provided they have not qualified to start in any other TT solo race on the TT Mountain Course (subject to (ii) above).

Note – Should a rider be in doubt as to the status of any event he/she may have entered he/she should contact the Secretary of the Meeting.

(4) General

- (a) Change of Rider: Only with the permission of the Clerk of the Course may a change of rider be allowed. Such permission will be granted only in exceptional cases and after investigation. A substitute rider may be nominated only by a licensed entrant. A change of both rider and make of motorcycle may be permitted at the discretion of the Clerk of the Course.

Medical Examinations: The Club may require any rider at his/her expense to undergo a medical examination by a doctor or by the medical board appointed by the Club and may disqualify a rider on medical advice. Every rider agrees to the results of any such medical examination being given to the Club. A rider involved in an accident will not be allowed to continue practising or racing until he/she has been passed medically fit by one of the event Medical Officers.

- (b) Entrants: Entrants must be in possession of a current National or International entrants licence for road race.
- (c) Machines: Solo machines are eligible to compete in the races as follows:

ALL MACHINES MUST COMPLY WITH APPENDIX I AND ADDITIONALLY ALL CLASSIC MACHINES MUST COMPLY WITH APPENDIX II.

7. ENTRIES AND ENTRY FEES

All entries must be made on the official entry form and sent to the Secretary of the Meeting by Saturday 12 June with the appropriate entry fees which are £300 sterling for each race. See Reg 8 for non ACU & SACU Licence Holders. The entry fee for these riders will be £210. A total surcharge of £25 will be payable for entries received after Friday 30 April after 5.00 pm. Modern and Classic Newcomers will be exempt from this surcharge.

Cheques to be made payable to Manx Motor Cycle Club Limited. Postal orders will not be accepted.

The Club reserves the right to refuse any entry and abandon, cancel or postpone the meeting or alter the programme of events and awards. Unless, in the opinion of the Club, sufficient entries are received for a race, that race will not be held, in which case entry fees will be returned. The entry fee may be returned in full if an entry is refused, but under no other circumstances will entry fees be returnable.

A maximum of 110 starters will be permitted for each race. If more than 110 entry applications are received for any race:

- (i) priority will be given to Manx Grand Prix Replica winners in the last two years.
- (ii) the remaining entries up to 110 will be allotted at the Club's discretion.
- (iii) the Club may nominate reserve entries. Such reserves may replace withdrawn entries or non-starters up to a maximum of 110 starters. Reserve entries will be taken in order of practice times for this purpose and will be notified as soon as possible after the end of the practice period whether they will have an opportunity to start in the race.

Riders may apply for entries in more than one race (subject to eligibility under Reg. 6) and may apply to enter two races run on the same day provided they do not use the same machine.

8. INSURANCE/MACHINES RIDDEN ON PUBLIC HIGHWAY

(a) Insurance

The Organisers undertake to insure each rider, indemnifying him/her against any third party claims made arising out of the races or official practice, excluding claims by other riders, entrants, sponsors or mechanics.

Competitors who hold licences issued by the ACU or the SACU will be covered by Personal Accident insurance during official practice and racing, for the benefits detailed below. The cost of this Personal Accident insurance is included in the entry fee. Competitors holding licences issued by a FMN other than the ACU or SACU must submit a Starting Permission countersigned and stamped by the FMN which issued their licence. This must confirm that, during the meeting and the official practice, they are insured against the risk of personal accident in accordance with the FIM Sporting Code but with additional cover for Medical Treatment and Repatriation costs, as follows:

- 35,000 US Dollars - Death
- 70,000 US Dollars - Temporary Partial Disablement
- 250,000 US Dollars - Medical Treatment
- 100,000 US Dollars – Repatriation costs

Alternatively this cover may be purchased from the event Insurance Brokers in the Race Office at the Grandstand during signing on periods. The entry fee for these riders will be £210 as the cost of their personal accident insurance will not be paid by the Club.

For ACU and SACU licence holders, the organisers will arrange personal accident cover for the following benefits:

- £10,000 GBP Death or permanent total disablement
- £20,000 GBP Loss of, or loss of the use of, one or more limbs or eyes

Increased insurance benefits can be arranged either in the Race Office at the Grandstand (during MGP fortnight) or by application to:

Motor Sport Risk Services, Lockton International, 19 Spring Gardens, Manchester, M2 1FB

(b) Machines on the Public Highway

The law of the Isle of Man provides that racing machines shall not be ridden on the public highway, except being used on a journey:

- (i) between the place where it is kept and the start of the Course
- (ii) between the place where it is kept and a point on the Course
- (iii) from a point on the Course to the place where it is kept; or
- (iv) between points on the Course

The above is applicable for a period of 3 hours before and 2 hours after a closure period provided that the motorcycle in question is competing in a practice or race during the closure period.

During these times, third party insurance must be effective, for the person riding the machine. Any rider reported as having driven his/her motorcycle in such a manner as to constitute a nuisance to the public or in contravention of any law or statutory regulation may be disqualified or otherwise penalised. Third party insurance cover can be obtained from the Race Office. Machines used on the public roads outside these times must comply in every respect with Manx road traffic laws and race numbers must not be displayed.

9. SIGNING-ON/BRIEFING

(a) Signing-on

All riders must sign-on at the Press Office, The Grandstand between the following times:

FRIDAY 20 AUGUST	1300 – 1600 (All riders including Newcomers)
SATURDAY 21 AUGUST	0900 – 0930 (Newcomers only followed by course instruction)
	0930 – 1100 (All other riders)

Competition licences, starting permission (for non ACU/SACU licence holders) and TT Course licences detailed in Reg 6 (a)(1), plus leathers, helmets (with visor), boots, gloves, transponders and identification disc MUST be produced personally for examination. Local addresses and telephone numbers must be supplied. Any notices posted in the Race Office or sent by the Club to riders at such addresses shall be deemed to have been served. All Race Office opening times will be displayed outside the Race Office. A declaration must be signed by riders, confirming that they have not sustained any injury or consulted with a doctor regarding any injury or illness since the issue of their licences.

Each Newcomer will be required to wear a red waistcoat at all times during practice sessions. Non Newcomer Classic riders will be required to wear white waistcoats when practising. Waistcoats will be supplied by the Club during signing-on sessions. Replacements can be purchased at a cost of £5 each.

(b) Newcomers' Course Instruction

All Newcomers will be taken around the course by coach/minibus on Saturday 21 August at 0930 hrs with an experienced instructor/s. This is compulsory and failure to attend may result in disqualification. All Newcomers to attend the Newcomers briefing upon their return to the Grandstand.

(c) Riders Briefings

All riders must attend a briefing prior to being permitted to commence practice. The briefings will take place in the Conference Suite adjacent to the Race Office at the following times:

* subject to race delays

(c) Pre-Race Technical Inspections

Motorcycles must be presented for pre-race Technical Inspections at the Technical Inspections Bay on each race day for all riders racing on that day at the following times, which must be strictly adhered to.

All Classes

Nos	81 upwards	0800-0830
Nos	41 – 80	0830-0900
Nos	1 - 40	0900-0930

Any application for extension must be made during the times stated above

NB - Riders need not necessarily present their motorcycles personally but must report personally wearing their protective clothing, helmets, visors, boots, gloves and identification discs not less than one hour before the scheduled start time of the race. Non-compliance with this regulation renders the riders liable to disqualification.

All competing motorcycles must be presented with stands and in all respects ready for the race. The Chief Technical Officer or his Deputy may exceptionally grant extensions to ensure that a machine is properly prepared.

Motorcycles must, therefore, be presented for Technical Inspections, ready in all respects, for the start of the race, including fuel. The motorcycles will remain in the custody of the Club, after presentation, until 45 minutes before the start. Riders and attendants shall leave the holding area immediately after their motorcycles have been placed there after Technical Inspections and should note that except by leave of the Club's Technical Officers they cannot have access to their machines after the pre-race Technical Inspections until 45 minutes before the start. No one other than riders, pit attendants and the officials can be admitted to the Technical Inspections Area and holding area.

(d) Post Race Examination

Every competing motorcycle must be placed in the finishing enclosure where it will be held for as long as may be required. Motorcycles must be collected immediately following an official announcement that they have been released, after which the Club disclaims any responsibility for motorcycles not collected. No responsibility is accepted for equipment at any time.

Motorcycles may be examined at the end of the race by the Club's Technical Officers and may be sealed by the Club's Technical Officers for later examination. Every rider shall dismantle, or cause to be dismantled at his/her own expense such parts of his motorcycle as the Clerk of the Course may require for the purposes of such examination, at such time and place as the Chief Technical Officer shall require. No rider shall be deemed to have finished a race or to have set up or broken a lap record or to have accomplished the fastest lap in a race until his/her motor-cycle has been examined if so required, and passed.

(e) General

Helmets and visors, leathers, boots, gloves, identification discs and motorcycles must be produced personally by each rider for re-examination if a rider falls off his/her machine or at any time if required by the Chief Technical Officer. Riders shall remove fairings from their machines if required by the Chief Technical Officer.

(f) Change of Motorcycle

An entrant wishing to change the make or type of motorcycle, after entries have closed, must apply to the Race Office for approval by the Clerk of the Course, not later than 24 hours before the scheduled start time of the race. The rider must have qualified on the make, type and capacity of the machine to be raced. The rider must have completed 1 practice lap on the machine to be raced. No change of class will be permitted after Tuesday 24 August.

NOTE: For the purpose of these regulations, make of machine will be determined by the make of the engine and the make of the engine must be declared at the time of registration.

(g) Fuel

Fuel for all practices and races must be one of the following and comply with the general specifications listed in Table 1. Furthermore, only the specified fuel type is permitted for use in classes or engine types as given in Table 2.

Table 1. Fuel type general specifications.

Property	Max Lead Mg/l	MAX RON	MAX MON	Oxygen% m/m	Benzene% v/v
Unleaded petrol	5	102	90	2.7	1.0
Leaded petrol	150	102	90	2.7	1.0
Avgas 100 LL	560	-	102	2.7	5.0

Values in this table are taken from the FIM/ACU regulations and are applied to the fuel types as indicated. For a full specification refer to the FIM regulations for fuel. Alternatives to Avgas 100LL are NOT permitted.

Table 2. Motorcycle classes and engine types with permitted fuel for use.

	Classics – all classes inc. 2 stroke Classics	Any other 2 stroke	Up to 1000cc 4 strokes other than Classics
Unleaded petrol	YES	YES	YES
Leaded petrol	YES	YES	NO
Avgas 100LL	YES	YES	NO

Where a competitor is using other than Isle of Man sourced pump fuel he/she MUST provide a specification sheet for that fuel when requested by the Chief Technical Officer.

These regulations strictly prohibit the use of 'Bluegas', power boosters, octane boosters and the like. No additions are allowed to the fuel with the exception of water or standard lubricants sold to the public. The responsibility for providing fuel for practice and races will be the competitor's. It is also the competitor's responsibility to ensure that his allocated filler, which will be provided, operates correctly. Any fuel left in fillers will be drained and removed, however it is the competitor's responsibility to check that his filler has been drained prior to adding his own fuel. The use of other quick-filling equipment will not be allowed.

The Steam Packet Company has stated that fuel may only be carried in the tanks of machines, cans/barrels will not be allowed. Spot checks will be carried out and anyone found in contravention of this ruling will not be permitted passage to the Island.

In the practice or races, no fuel shall be carried on the motorcycle other than in the tank securely fitted to the motorcycle for the purpose.

The Club reserves the right at any time before, during or immediately after practising or racing to take samples of the fuels used.

During practice periods riders can only refuel in the holding area to the north side of the Technical Inspection Bays, engines must be stopped.

Competitors must supply information at signing on regarding the quantity and location of fuel stored outside the Grandstand. This information will be supplied to the Isle of Man Fire Service.

(h) Fuel Tanks/Capacities

In the interest of safety, the use of ready fuelled replacement tanks in the pit WILL NOT be permitted.

Replacement tanks are permitted but must be empty and may only be filled when securely attached to the machine. Refuelling during the progress of any race must be carried out at the competitors designated pit. It is forbidden to open tank filler caps until the machine is stationary at its allotted pit and the engine is switched off. Penalty may be disqualification.

The maximum permitted tank size is 24 litres.

The use of temporary filling material to reduce the capacity of the tank is forbidden.

11. FLAG SIGNALS.

The following flag signals may be used during practice or a race, and must be immediately obeyed.

- | | |
|---------------------------------|--|
| • NATIONAL FLAG | Start |
| • RED (waved) | Immediate stop, all riders. Pull in where safe. Await marshals' directions. |
| • BLACK WITH ORANGE DISC | With rider's number - that rider to stop immediately due to mechanical problems. |
| • YELLOW (motionless) | Danger ahead, slow down, no overtaking. |
| • YELLOW (waved) | Danger more imminent - slow down - be prepared to stop - no overtaking. |
| • YELLOW AND RED STRIPED | Lack of adhesion |
| • WHITE WITH BLACK "V" | Bad visibility warning. |
| • WHITE WITH BLACK "SUN" or "S" | Sun dazzle. |
| • WHITE | There is a slow moving intervention vehicle on the track.
Riders may not overtake other riders but may overtake the intervention vehicle. |
| • GREEN | Course clear. |
| • CHEQUERED | Individual finish |

12. PRACTICE

(a) General

Practice on the Course, which will be closed to the public, will be regulated and supervised by the Club and will be allowed ONLY from the 21 August at the times specified. The practice schedule may be altered by the Clerk of the Course due to circumstances or force majeure.

During any practice period, the Clerk of the Course or his deputy may decide to flag off riders between Governor's Bridge and the finishing line, in which case the foreshortened lap and the time recorded at the flagging off point will be counted towards qualification for the races.

The end of each practice session will be notified by the showing of yellow, chequered and red flags, as detailed at the riders briefing.

All riders will slow down and leave the course as directed, where a red flag is shown.

Fire retardant overalls must be worn by all mechanics/assistants in the warm-up area. Footwear worn by attendants must adequately protect the foot and not contain any studs, steel tips or anything likely to cause a spark.

The above times are subject to alteration due to circumstances or force majeure.

Please note: Motorcycles raced in the Newcomers race may not be used in the Monday 30 August practice session. Motorcycles raced in the Junior race may not be used in the Wednesday 1 September one-lap practice session. Applications to practice out of session will not be considered unless in exceptional circumstances.

13. QUALIFICATION

To start a race, a newcomer to the TT Course, qualifying for the first time must complete a total of at least 6 laps, including a speed controlled lap. Newcomers must have signed on, attended the Newcomers briefing and the Course Instruction on Saturday 21 August and commenced practice, including completion of a speed controlled lap and should have completed 3 laps on or before Wednesday 25 August, or they may be disqualified.

Unless the Clerk of the Course has given permission otherwise

1. All riders must have signed on and commenced practice on or before Wednesday 25 August.
2. Riders who have qualified to start in any previous race on the Mountain Circuit (TT or MGP) shall be required to complete a minimum of 5 laps.
3. A minimum of 2 laps (3 laps in the case of newcomers) must be completed on each machine entered, one of which must be within the qualifying time.

Please note: The Monday 30 August and Wednesday 1 September practice periods will be timed and can be counted towards qualification.

In every case all qualifying laps must be completed on the motorcycle to be ridden in the race or on a machine of the same make and capacity, one of which must be within the qualifying time for the particular race.

A rider who is entered in more than one race may qualify on time in one race, to start on the same machine in a subsequent race.

Qualifying Times

The qualification regulations will only be waived at the absolute discretion of the Clerk of the Course whose decision will be final.

Senior	23 mins (98.42 mph)
Junior	23 mins (98.42 mph)
Lightweight	24 mins (94.42 mph)
Ultra Lightweight	25 mins (90.55 mph)
Newcomer A	25 mins (90.55 mph)
Newcomer B	27 mins (83.84 mph)
Post Classic	26 mins (87.07 mph)
Classic Senior	27 mins (83.84 mph)
Classic Junior	28 mins (80.85 mph)
Classic Lightweight	29 mins (78.06 mph)

A list of non-qualifiers will be posted in the Race Office at 09.30 on SUNDAY 29 AUGUST (see Reg 16).

14. CHANGE OF NUMBER

No applications for a change of number will be accepted. This means no rider will be permitted to fill in the 'Application to the Clerk of the Course' form requesting a change of number. The Clerk of the Course does however reserve the right to make a change of number when an application for a change of rider is approved or when other circumstances dictate that it is desirable to do so.

Applications for changes of machines and/or riders deemed, by the Clerk of the Course, to have as their object a change of number, will be refused.

15. RACE PROCEDURE

(a) Start Preliminaries

First Signal - 45 minutes before start

Competitors take possession of machines in assembly area.

Engines may be started for warm up period. Petrol and oil tanks may be topped up and adjustments made.

Second Signal - 30 minutes before start

Third Signal – 15 minutes before start

Competitors marshalled to starting grid and lined up in order. Riders on the grid may at this stage make adjustments to the motorcycle or change tyres to suit the course conditions. Tyre warmers may be used on the grid, powered by a generator. Only one generator per machine may be used. The generator must be of the "hand carried" type and have a maximum output capacity of one kilowatt. The noise limit of the generator is 65 dB/A. No batteries or other electrical supplies are permitted on the grid except a self-contained starting device may be used. All adjustments and changes of tyres/wheels must be completed by the fourth signal.

Fourth Signal - 5 minutes before start

Stand to, clear grid on the instructions of officials. Engines must be running. Exit gate from warm-up/assembly area to start line will close.

In exceptional circumstances, the start of any race may be officially delayed or a race may be reduced in number of laps or, if necessary, postponed until the following day or another designated day, abandoned or cancelled. Riders will be started at intervals of 10 seconds in pairs in each race or at such other intervals as the Club may determine; the regular intervals will be allowed for any non-starter and for no 13 (not allocated).

Riders will not start until the starting flag is dropped. Clutch or push starts will be permitted in all races. There will be an interval between classes in the Classic Junior/Lightweight, Lightweight/Ultra Lightweight and Newcomer/Post Classic races. The start order will be decided at the discretion of the Club taking previous experience into account. Any rider who starts before the starting flag is dropped, or who fails to start immediately the starting flag is dropped may be penalised. A rider who is not in position to start within 10 seconds of the scheduled starting time may only start 10 seconds after the last competitor is scheduled to start. His/her starting time may be adjusted to coincide with the new starting position (normal interval times will be observed).

Only during the start procedure is a competitor permitted to stop on the course adjacent to his pit. At all other times a rider must use the pit access road and stop in front of his designated pit.

Fire retardant overalls must be worn by all mechanics/assistants at all times in the warm-up area and pit lane. Footwear worn by attendants must adequately protect the foot and not contain any studs, steel tips or anything likely to cause a spark.

(b) Pit Area and Pit Stops

(1) Pit Area

The Pit Area is a Licensed Petroleum Storage Area under the Isle of Man Dangerous Goods Act and as such the following conditions apply:-

- There must be NO SMOKING or naked lights. Engines must be stopped whilst being refuelled. Any electrical equipment used or taken within 14ft of refuelling equipment must be either intrinsically safe or flame-proofed. This includes two-way radios, transistor radios, cellular telephones, cameras using electronic flash or motor drive and power tools. Spare batteries must be protected to prevent shorting across the terminals. Manx Radio earpieces are permitted. Please note that simply wrapping electrical equipment does not make it intrinsically safe and therefore no such equipment including electrically powered tools will be permitted in the pit area.
- Petrol cans used for filling and draining must be metal or BSI approved. Spare tanks in pits must be empty.
- Filling or refuelling of quick-fillers can be done only between one hour and 30 minutes before the scheduled start time of the race and after the fire service have arrived. Fire retardant overalls must be worn when filling or refueling tanks.
- When quick-fillers are being filled or drained, only those persons immediately involved and race officials are permitted in the pit area.
- Quick-fillers must be drained when the pit lane is closed towards the end of the race. Any fuel not removed will become the property of the Club. Fire retardant overalls must be worn when draining fuel tanks.
- Unused fuel or empty drums which have contained fuel must not be carried beneath the Grandstand but may be taken across the pit lane only at the start line end.

(2) Attendants

Each rider is permitted up to three attendants. Passes are non transferable.

Riders must make their own arrangements for their supplies, including fuel, and for their pit attendants.

Every rider is responsible for ensuring that his pit attendants comply with official instructions and regulations and particularly the following rules:

- Only at his/her pit may the rider get assistance or replenishment. Giving instructions to riders by signal or by word of mouth will not be regarded as assistance within the meaning of this regulation.
- Only the rider's own attendants may assist him/her.
- Only when the machine is at or approaching the pit may the attendants get out of the pit to help the rider. They may not go beyond the safety line ie first line in front of pits.
- The attendants may make any adjustments, replacements or repairs and may replenish the motorcycle and hand out food or drink to the rider but must not use any parts, supplies or tools, other than spare wheels and tyres, except those previously lodged in his/her pit.
- One or two attendants may help the rider to restart.
- The use of purpose-made front wheel paddock stands designed to support unaided the front of the motorcycle during refuelling is permitted. The use of ramps or other means to elevate the front of motorcycles during refuelling is forbidden.
- Pit attendants are strictly forbidden to sit or stand on refuelling gantries.
- Pit Attendants must wear fire retardant overalls and suitable footwear at all times in the pit lane and warm up area.
- Footwear worn by attendants must adequately protect the foot and not contain any studs, steel tips or anything likely to cause a spark.
- Crossing of the pit lane will be permitted only at the top end of the pit lane and the crossing point will be closed during pit stops. Equipment may not be removed from pits until the end of the race except under official supervision.
- The use of signalling boards by riders' assistants is permitted but such boards must not exceed 24 ins x 24 ins in size, to which a handle projecting not more than 24 ins from the board may be attached.
- One attendant must remain in the pit at all times to receive messages.
- Remote starters will be allowed in the pit lane but must not be started until refueling is completed. All remote starters must be presented for examination and approved by the Chief Technical Official or his deputies during practice week.

(3) Pit Stops during races

With the exception of a rider having difficulty at the start of a race only, all pit stops will be made in the pit lane between the pits and the Grandstand. A speed limit of 60kph is in force over the whole of the pit lane. The following penalties will be issued for non compliance and will be a matter of fact with no right of protest or appeal.

61kph - 80kph - a time penalty of 30 seconds.

81kph - 100kph - a time penalty of 60 seconds

Over 100 kph - disqualification from the race.

The lifting of the front wheel of a motorcycle for the purpose of showmanship (whether in the pit lane or on the course and whether in practice or in a race) may be deemed to be dangerous riding and may result in disqualification.

(c) Finish of a race

Riders who have completed the designated number of laps for the race will be shown a chequered flag by an official standing at the finish line, at track level. Riders who cross the finish line without completing the designated number of laps but after the leading rider on the road has been shown the chequered flag will be permitted to proceed on a further lap but after a race has been won and where in the opinion of the Clerk of the Course it is no longer possible to qualify for a replica, he will order all competitors to stop as each crosses the finishing line, irrespective of the number of laps completed. Red lights will then be shown prior to the return road gate and a marshal showing a red flag will stand at the return road gate. To be counted as a finisher in the race and to be included in the race results a rider must complete the full designated number of laps for the race and cross the finish line within a time decided by the Clerk of the Course. The rider must be in contact with his/her machine.

(d) Stopping a Race

A race will not be stopped prematurely unless the Clerk of the Course deems it necessary, but if so stopped before the leading competitor has completed half of the total race distance, the race will be declared abandoned. The finishing positions in an abandoned race will be ignored for the purpose of classification of the race result.

A race stopped after the leading competitor has completed half of the scheduled race distance will be deemed to have been completed. The Clerk of the Course reserves the right to postpone or abandon any or all of the races if he considers it necessary.

The Clerk of the Course may, notwithstanding the previous paragraphs, declare a result of any race based on such assessment as they think appropriate and, in doing so, may apply Section 10 of the ACU Standing Regulations for Road Racing to such extent (if any) as they think appropriate in the circumstances.

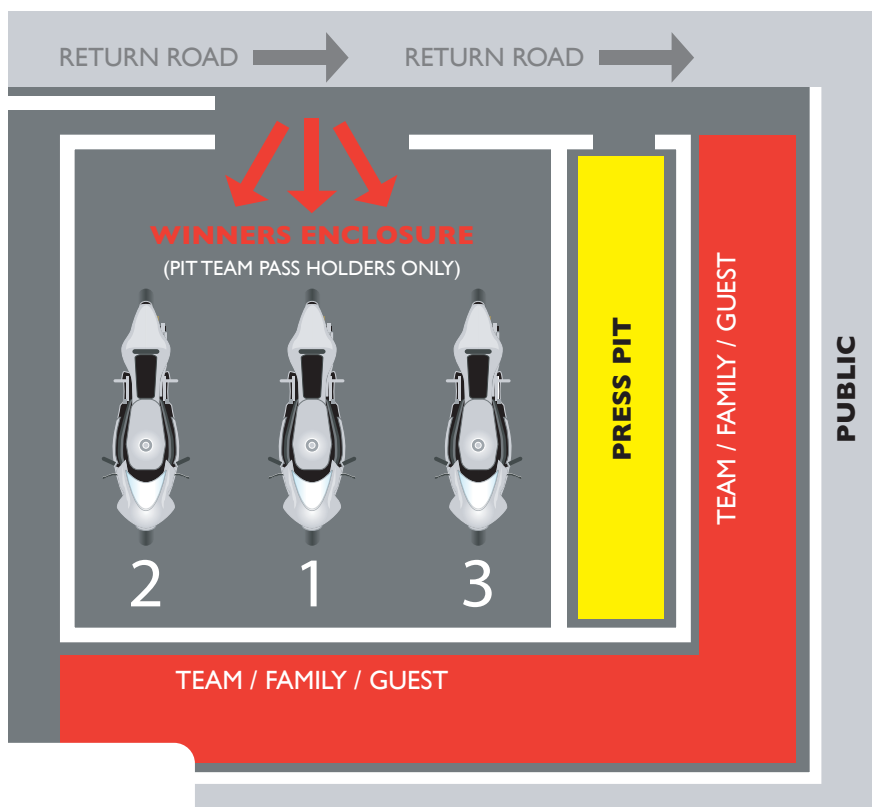

In the event of the Clerk of the Course stopping a race prematurely due to 'force majeure' circumstances, waved red flags will be displayed at various points on the Course on the instructions of the Clerk of the Course or his Deputy. Stationary yellow flags will be displayed at intermediate marshals' posts. In the event of the Clerk of the Course shortening (as opposed to stopping) a race, this decision may be given to all riders at various points on the course. In these circumstances the chequered flag will be displayed at the start/finish line.

16. PROTESTS AND APPEALS

Protest and appeals must be made in accordance with the National Sporting Code (Chapter 10) of the ACU and accompanied by a fee of £50.

17. WINNERS ENCLOSURE

At the conclusion of each race the first three finishers will be directed into the Winners Enclosure with their machines to conduct interviews with the host television and radio broadcasters. No other television or radio journalists will be permitted to operate in this area. The Winners Enclosure will be separated into three distinct areas and certain passes will allow access to certain areas of the Enclosure. The centre of the enclosure will be the area the first three finishing machines will be parked. Only the competitors and their crew who have a pit team pass will be allowed in this area. No other pass holders will be permitted in this area. Outside of the main Enclosure will be two other areas. One will be clearly identified as a 'press pit' and will be for Gold and Silver Press Pass holders only. The remaining area will can be accessed by individuals with an Official Pass, Promoter Pass or Team Pass.

18. GARLANDING CEREMONY

Riders finishing 1st, 2nd and 3rd in each race will be required to take part in a short ceremony to be held in front of the Grandstand to acclaim and garland the winners. This ceremony will take place approximately 10 minutes after the third placed competitor has entered the winners' enclosure.

In the case of a postponement of a race to another day, one or more riders may be substituted not later than 1700 hours on the day preceding the day to which the race is postponed. The winning club team will be decided on an aggregate basis. A club may enter more than one team but no rider shall be nominated for more than one team in any race. See ACU National Sporting Code as to eligibility for Club membership.

Please note

It is a condition of receiving any award that the winner/s of the award shall attend to receive the award unless excused by the Club for a good reason.

AWARD PRESENTATIONS

Details of the dates and venue will be included in Final Instructions.

20. TRANSPONDERS AND AUTOMATIC TIMING

All practices and races will be officially timed using a transponder based automatic timing system.

It is the responsibility of each competitor to provide and properly fit a transponder, a fully charged AMBTranx 260 or a directly compatible equivalent, at his/her own expense. A separate transponder must be provided for each machine entered.

The identification number(s) of the transponder(s) must be the same as the identification number(s) on the entry form for that machine and class. No additional Transponder/lap recorder device is permitted on the machine during practice or races. Any change to transponder identification must be approved by the Clerk of the Course at least one hour before the start of practice or race. See also Appendix I.

21. ON-BOARD CAMERAS AND GLOBAL POSITIONING SYSTEMS

Only riders authorised by the Clerk of the Course will be permitted to film from on-board cameras, or to carry GPS on their machines.

Applications must be made on the official 'Application to the Clerk of the Course' form. Where such approval is granted, the installation of a camera or GPS and associated equipment is further subject to approval of the Chief Technical Officer.

22. MOBILE PHONES

The carrying and use of mobile phones in the Technical Inspections bays, the holding area and the pits is strictly forbidden unless the device is intrinsically safe.

23. Paddock

The paddock will be organised by the promoter and its appointed agent G4S (Isle of Man) Ltd.

The Paddock Manager for G4S (Isle of Man) Ltd will be Chris Heyes.

Tel 01 624 649021

Fax 01 624 649049

Mob 07624 495105

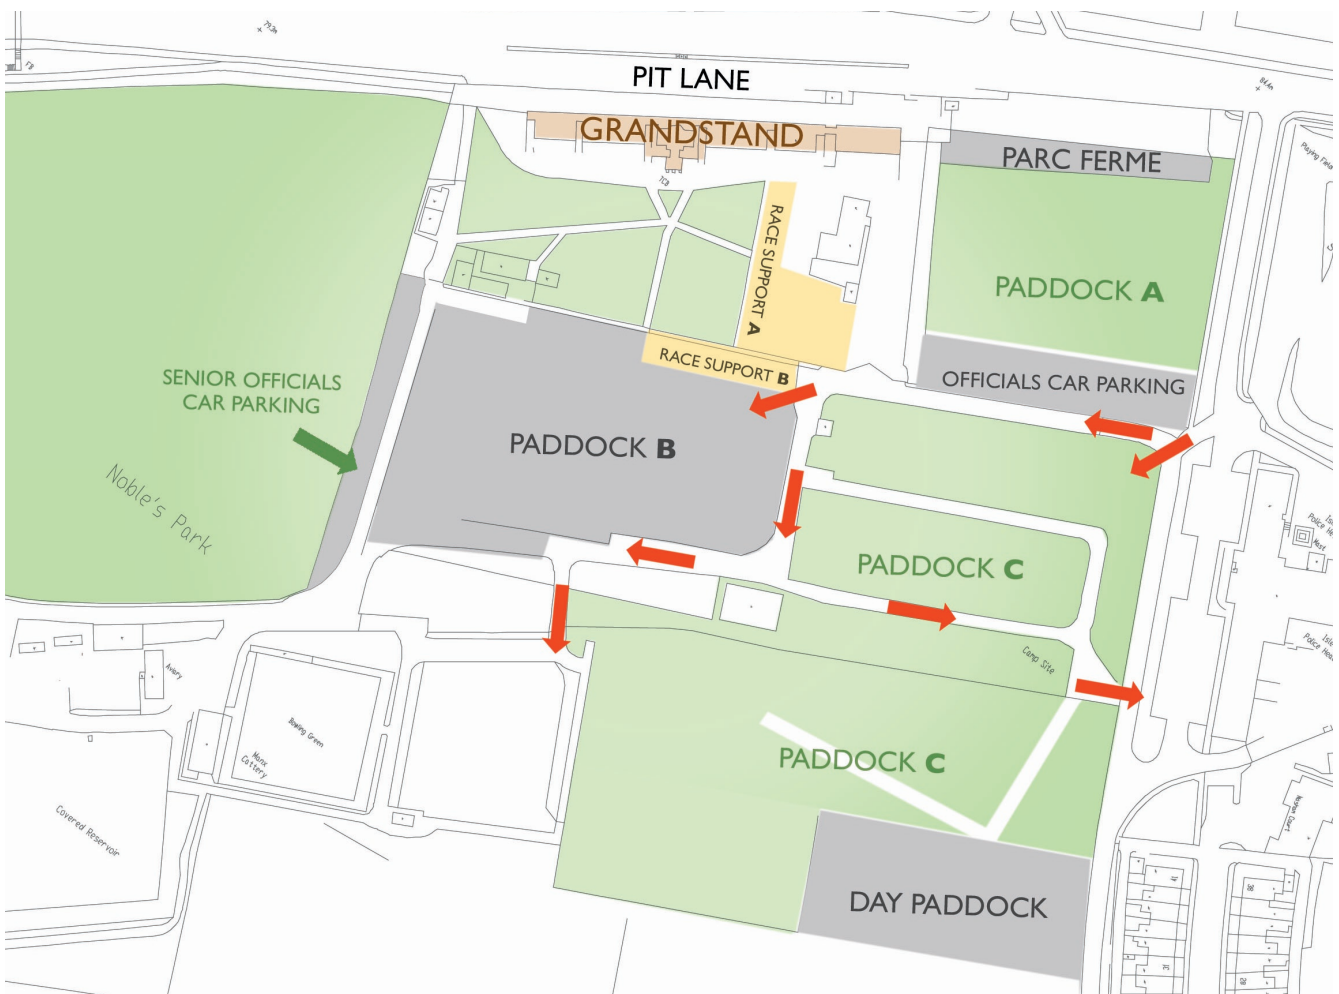

E-mail chris.heyes@im.g4s.com

Parking of all team vehicles will be under the control of the promoter and its appointed agent and all teams must respect the instructions received.

Space will be allocated by the promoter and its appointed agent based on the information submitted by competitors on their entry form. The paddock parking position will be made by the promoter and its appointed agent and the decision will be final. Teams and / or competitors will receive notification of their paddock parking position on arrival.

The Paddock will open at 9:00am on Monday 16th August 2010.

The Paddock will be segregated into various areas into which teams will be entitled to bring certain vehicles.

Retailing

Teams and competitors are not permitted to retail any goods or services from the paddock area during the MGP period including merchandise. Any team or competitor wishing to retail in the specific paddock trade area should contact Motorsport Promotions Ltd on 01624667808.

Private Cars

Private cars are not permitted into any area of the Paddock other than the Team and Competitors Car Park. The vehicles must display a Team and Competitors Car Park vehicle pass to gain access to this area.

Containers

Containers will not be allowed in the paddock.

Health and Safety

All competitors and their associated persons must at all times comply with all the health and safety requirements applicable in the paddock and displayed on the Race Office notice board.

Fire Extinguishers

All competitors / race support / trade personnel using the paddock will need to supply a fire extinguisher. The extinguisher must be visible at all times and have an in date certificate attached. Checks will be made during the event. All team members must be aware of its location and have knowledge in how it is operated.

Fire Points

Fire points are located within Paddocks A, B and C and all team members must be familiar with their location. All Fire points are alarmed and extinguishers should not be removed unless needed in an emergency.

Welding / Welders

The use of welding equipment within the paddock area is strictly forbidden. Under no circumstance should teams or competitors bring welding equipment in to the paddock or associated areas. Any equipment found may be confiscated.

Generators

Generators must be placed in a safe working area. All cables used from generators or the electrical supply, must be covered by proprietary cable protector at all times. The use of generators should be kept to a minimum during night time hours.

Electrical Supply

Under no circumstance should anyone interfere with the electric supply from the power masters in the paddock. If an electric supply fails, please contact the Paddock Manager in the first instance. Teams and competitors are required to have all electrical equipment PAT tested prior to use.

Security

The paddock will be covered by security guards. There will be a foot patrol during daylight hours but no foot patrols between 1900hrs and 0700hrs.

Rubbish Removal

All competitors and team members are responsible for the removal of rubbish from parking and camping areas. Bins are provided for the disposal of bin bags located to the south of Paddock B.

Shower Block and Toilet areas

Showers and Toilet areas will be cleaned between the hours of 0700hrs to 2100hrs. All areas will be checked and cleaned every hour.

General Notice

A one way system will operate within the paddock. It has been designed for the smooth and safe transition of all vehicle movements. A 5 mph speed limit exists at all times. At no time should any vehicle block an entrance or exit.

24. PERSONNEL PASSES

There are different types of personnel passes depending on the activity of the pass holder:

Official Pass	(Red)
Promoter Pass	(Black)
Pit Team Pass	(Yellow)
Team Pass	(Blue)
VIP Guest Pass	(Green)
Guest Pass	(Orange)
Event Support	(White)

Official Pass (Red)

The Official Pass is issued to the personnel who operate in roles on behalf of the race organisers and will require access to all areas.

Promoter Pass (Black)

The Promoter Pass is issued to the personnel who operate in roles on behalf of the promoters and will have access to all areas except Pit Lane.

Pit Team Pass (Yellow)

The Pit Team Pass is issued to the personnel who work or do a professional activity during the event inside the restricted areas (Parc Ferme, Winners Enclosure, Start Line and including the Pit Lane). Under no circumstances should Pit Team Passes be allocated or distributed to guests and any such passes will be withdrawn. Fire retardant overalls must be worn by all personnel in Pit Lane and this rule will be strictly enforced.

Team Pass (Blue)

The Team Pass is issued to the personnel who work or carry out a professional activity during the event inside the restricted areas (Parc Ferme, Winners Enclosure Start Line) but not the Pit Lane. Under no circumstances should Team Passes be allocated or distributed to guests and any such passes will be withdrawn.

VIP Guest Pass (Green)

The VIP Guest Pass is issued by the promoters and provides access to the Official Manx Grand Prix Hospitality facility. Additional access to restricted areas (Parc Ferme, Start Line) will be granted by the promoter and such access will be marked on the pass. There will be 3 VIP Guest Passes, one for each race day, and will only be valid for the race day identified on the pass. This pass does not allow access to the Winners Enclosure or Pit Lane.

Guest Pass (Orange)

The Guest Pass is issued by the organisers and/or promoters and provides access to restricted areas Parc Ferme and Start Line. This pass does not allow access to the Winners Enclosure or Pit Lane.

Event Support Pass (White)

The Event Pass is issued to the personnel who work or carry out a professional activity during the event inside the restricted areas who are not race officials. This includes but is not restricted to personnel carrying out maintenance contractor work, cleaning and hospitality.

Pass General Rules

Teams and competitors are responsible for the integrity of the pass system within their team. Sanctions will be imposed on any team whose members abuse the pass system in any way including:

- Selling passes
- Production, sale or distribution of forged passes

Teams and competitors are also responsible for the behaviour of their guests. Guests should be advised that they are expected to respect the instructions of race officials.

By accepting the issue of passes for the 2010 Manx Grand Prix Races, the team and / or competitor are deemed to agree to abide by the pass conditions and to undertake the obligation to advise each person to whom a pass is issued of the pass conditions and to ensure the observance thereof.

Passes may only be used to gain access to the areas indicated on the face of it. Any person found within a restricted area without the appropriate pass may be removed from the venue immediately and / or have any pass held by them withdrawn.

Manx Grand Prix 2010 passes must not be removed from their official lanyards and must be worn around the neck of the person to whom it is issued so as to remain clearly visible at all times.

The organisers at all times reserves the right to refuse admission to the venue or access to a designated area to any person, notwithstanding that such person may have been issued with an appropriate pass.

Teams and competitors must keep accurate records of the numbers of passes that they issue to guests, this information must be available for audit by the organisers at an event.

The organisers reserve the right to request further proof of identity in addition to a pass. 2010 Manx Grand Prix Races issued passes at all times remain the property of the organisers and may be issued, altered or withdrawn at any time at the absolute discretion of the organisers.

25. VEHICLE RECOVERY SERVICE

A recovery service will operate throughout the practices and races. Any machines collected will be returned to the Technical Inspections Bay. The Club does not accept any responsibility for any damage to any machine. Security is the responsibility of the competitor who must ensure that they or an attendant remains with the machine until collected.

26. ACCEPTANCE OF RECORDS

Entrants and riders must accept the official records of the Club which may be published as the Club thinks fit and also agree not to publish or allow to be published, on their behalf, any inaccurate, misleading or premature advertisement in connection with these races.

27. BREACH OF REGULATIONS

The Clerk of the Course is empowered to impose penalties of a reprimand and/or fine, or disqualification, for breach of these regulations where no other penalty is specified. Any rider not complying with instructions of an official of the meeting may be penalised.

28. INDEMNIFICATION OF THE CLUB

It is one of the conditions upon which entries are accepted for these races that the Club will not be responsible for any damage that may be done to any competing motorcycle or to its accessories during the meeting, either by fire, accident or otherwise, nor for the theft of the motorcycle or any of its accessories except as provided by Regulation 8.

29. JURISDICTION

Each entry, if accepted, will form a contract between the Club and the entrant/rider, which will be governed by and construed in all respects in accordance with Isle of Man Law. Each of the parties irrevocably submits to the jurisdiction of the Isle of Man Courts in respect of any legal action or proceedings arising out of the contract or the participation of the entrant/rider in the meeting.

30. PUBLICITY

Each competitor, as requested, must make themselves available free of any charge or expenses to the Promoter during the event for promotional purposes.

Riders finishing first, second and third in each race shall attend the podium ceremony.

In signing the 2010 Manx Grand Prix Entry Form each competitor and entrant agree that the promoter and the event sponsors may make use of his/her activities and successes in motorcycle sport for any advertising, publicity, public relations and merchandising purposes.

All riders may be required to carry an event and/or sponsors logo.

31. MERCHANDISING

The competitor and entrant will authorise the Promoter to use and reuse and licence the use of images and representations of the competitor and team motorcycles competing in the event (including the manufacturer's name and logo), and the name, images and representations of the competitor and team and team paraphernalia including (in so far as the same appears on the clothing worn by the competitor or on team paraphernalia or on the motorcycles participating in the event) the logo and decals of all sponsors of the competitor and/or team for the purpose of producing merchandise exploiting the reputation of the event.

The competitor and entrant acknowledge and agree that the Promoter and those authorised by it have the exclusive right to produce or authorise the production of interactive games of the event and games including individual elements of the event.

The competitor, entrant and/or team authorise the Promoter to use and license others to use all event images and other material relating to the event in marketing and packaging material and commercial advertisements exploiting the event or merchandise of the event or any individual elements of the event.

The competitor and entrant shall assist the Promoter and those authorised by it with the promotion of the event and production and promotion of merchandise associated with the event.

32. MISCELLANEOUS

Riders, sponsors, manufacturers, entrants, and team personnel may not either individually or with any such participants or through any representative or agent, procure, solicit or arrange for any supplies, gratuities, products, merchandise, equipment or any other thing of value to be provided from any source whatsoever bearing or depicting the official Manx Grand Prix Festival logo(s) and/or any trademark and/or any copyright and/or image used or associated with the event without the prior written permission of the Promoter to do so.

All the broadcast, recording, terrestrial, cable, satellite, digital, video and rights in all other media (including but not limited to WAP or similar mobile communications platforms and/or devices, Internet, Interactive and/or other competitor accessed sources) to the Manx Grand Prix races are owned by the MMCC and are the subject of a licence granted by the MMCC to the promoter.

Any recording, broadcast, rebroadcast or reproduction without express permission of the Promoter is strictly prohibited. Competitors, entrants, sponsors or manufacturers currently registered in the event may, subject to the prior written permission of the Promoter and subject to any conditions that they may impose at their absolute discretion, be granted rights to use broadcast material for their own specific promotional use within the British Isles without fee or charge except any that may be levied for technical and or research purposes. Rights requested by sponsors, advertisers, or any other commercial use must be made in writing to the Promoter and will be subject to Licence, which may include a fee or charge.

APPENDIX I - APPLICABLE TO ALL MACHINES

1 TYRES

Owing to variations in weather conditions which can occur on the TT Course and in the interests of safety, only tyres having a moulded tread pattern will be permitted. No additional cutting of moulded tyres will be permitted. No slicks, cut or uncut, will be allowed. Metal valve caps (not extractor type) must be fitted. Valves must be of the short stub stem type.

2 OIL FILTERS

All spin-off oil filters must be jubilee clipped and wire locked.

3 WHEEL NUTS & SPINDLES

All wheel nuts and spindles must be wire locked.

4 BRAKE CALIPERS

Where the brake pad pin is retained by one fastener, a secondary fixing is required.

5 PREPARATION

Must be in accordance with the ACU Standing Regulations and these Supplementary Regulations. The Club reserves the right to refuse any entry or to forbid the use of any particular machine which the Club considers inappropriate for racing on the TT course, or otherwise not to be in the spirit of this event. All machines must be prepared to a high standard of cosmetic appearance. Untidy machines will not be permitted to start in any event.

6 COOLANTS

No liquid engine coolants, other than lubricating oil or water should be used. This is because oil based substances can be dangerous if spilt on the road.

7 BORE & STROKE

Bore and stroke must be clearly marked on the motorcycle.

8 EXHAUST SPRINGS

All exhaust springs including those to the cylinder head must also be held by wire to ensure that the springs remain on the machine in the event of spring failure.

9 OIL CONTAINMENT

In the interests of safety Standing Regulations will be enforced.

10 CHAIN GUARDS

A chain guard must be fitted in such a way as to cover the point where the chain runs onto the rear sprocket and irrespective of wherever the rear wheel is positioned to maintain correct chain tension. The guard must be made of substantial material and must be securely mounted to the swinging arm so that it cannot rotate and come into contact with the chain or sprocket.

II. TRANSPONDERS

- Ensure that the transponder holder is fitted securely, preferably using bolts and Nylock nuts (if tie-wraps are used at least two sufficiently strong tie wraps are needed to secure the holder)
- The transponder must be mounted **VERTICALLY** and **NOT** horizontally.
- The securing pin must be at the top
- Fit the transponder holder in a safe and secure position
- Mount the transponder so that it is preferably no more than 2 ft (60 cm) from the ground
- Mount the transponder so that it is away from heat generating bodies such as the exhaust
- Mount the transponder so that it has as clear a view of the ground as possible. Note – the transponder signal will not pass through metal or carbon fibre based plastics
- Push the 'R' clip right through as far as possible in order to prevent it being accidentally pushed out
- The transponder must be fitted whenever your machine is taken into the assembly area and whenever it is on the course, including timed and untimed practice sessions.
- The transponder must be charged and 'flashing' green and fitted to the machine when presented for Technical Inspections.

Disregarding any of the above guidelines may result in your time(s) not being recorded.

No time will be recorded at all if the transponder is not fitted or has not been charged.

PREFERRED POSITIONS:

APPENDIX II - APPLICABLE TO CLASSIC MACHINES ONLY

In formulating the Classic Regulations, the Club has endeavoured to produce races for machines built using components available in the eligibility periods. When looking at entries consideration will be given to the period appearance of the machine as well as adherence to the letter of these regulations.

All components fitted must be of a type available and fitted to machines of the relevant classes within the relevant classic period, defined in paragraph 1 below. This includes all major components such as frame, forks, wheels etc. No modifications (other than those specifically authorised in these regulations) will be permitted unless used during the period. Where components are of later manufacture, they must exactly resemble the original period components. No machines with more than 2 cylinders will be permitted, except by special arrangement with the Club. The onus is on the rider or entrant to prove eligibility if required.

ELIGIBILITY SPECIFICATION

1 Oil Containment

Oil Containment is compulsory for all 4 stroke machines (ie faired and unfaired). The oil containment must be of rigid construction fastened securely to the machine and have a capacity of at least half of the total oil (and coolant) capacity in the event of an engine failure.

The oil containment for unfaired machines must be at least 50mm deep and at the front must extend upwards to at least 50mm below the base of the cylinder except in the case of horizontal cylinder machines (eg Aermacchi) which will be subject to the agreement of the Chief Technical Officer whose decision is final.

2 MGP Classic races

The MGP Classic races cater primarily for thoroughbred Grand Prix racing motorcycles constructed during

- (i) the period 1 January 1945 to 31 December 1972 inclusive, for all 4 strokes; and
- (ii) the period 1 January 1945 to 31 December 1967 inclusive, for all 2 strokes (with the addition of Greeves Oulton and Bultaco TSS built before 31 December 1968) for the specific purpose of participation in competition during that era.

In addition, short circuit specials, of a type which can be shown to have a connection with the Isle of Man TT and MGP racing, will be considered on their merits. Such specials shall have a maximum of 2 cylinders and must have an appearance of a typical racing machine of the era.

Entries will not be accepted without a specification sheet for each machine entered and with photographs, with and without fairing, if applicable. Standard production machines will not be accepted. Riders who are in any doubt about eligible components or modifications are invited to contact the Chief Technical Officer via the Race Office for a ruling.

3 Seat, tank & fairing

Motorcycles must be presented in period condition. Seats, tanks and fairings (if fitted) must be of a pattern and type manufactured and used in the period, ie pre-1968 for 2 strokes and pre-1973 for 4 strokes. Fuel tanks are subject to the capacity of 24 litres (Reg 10h)

4 Wheels

Must be of a wire-spoked construction with a maximum rim width of WM3. Cast wheels will not be permitted, except for the Arter Matchless.

5 Tyres

No hand cut slicks or wet weather tyres will be permitted and maximum tyre width, as stated on the manufacturer's specification sheet, shall be 4.50". Tyres must be fitted with inner tubes. Approved rear tyres for 500 cc machines are Avon AM22, Dunlop KR 124, KR124A and KR108. Other makes of tyre are acceptable providing the maximum width does not exceed 4.50" (114mm).

6 Brakes

May be drum or disc for 4 strokes. Only drum brakes may be used for 2 strokes. All disc brake components must be pre-1973 for 4 strokes. Floating discs, 4 piston callipers and adjustable master cylinders will not be permitted. Discs must be solid and may be drilled only parallel to the wheel spindles. An unmodified out-of-period AP front brake master cylinder, part no CP3179-2 (plastic reservoir) is eligible.

For 2010 the AP Racing variable ratio front brake master cylinder parts no CP 3125-2 or CP 3125-4 may be used for the 2010 Classic Races.

Where a rider has a genuine reason for not being able to operate a conventional brake lever, a thumb operated brake lever will be permitted. Due to space constraints, this may mean that an out of period master cylinder will be required. The use of such a device must be stated on the eligibility form and will be subject to prior approval by the Chief Technical Official.

7 Swinging arm, suspension & front forks

Must be of a pattern, type and material manufactured and used in the period.

8 Carburettors

Shall be of a type available in the era, ie pre-1973 for 4 strokes and pre-1968 for 2 strokes, except that Amal Mk II concentric carburettors, including smooth bore derivatives may be used. Pumper carburettors of any type are not permitted even if the pumper is blocked off or disabled. Power jet carburettors are not permitted.

Fuel injection is not permitted. Keihin carburettors must be of "Tickler" type - the later mechanically operated choke type is not approved.

8 Engine and gearbox

May be modified internally and/or fitted with components of modern manufacture. All engine and gearbox casings must be unmodified externally, except modifications carried out in the period or to permit the repositioning of controls. All primary drives (belt and chain) must be totally concealed from view. Multi-valve heads are not permitted, unless available and used in the era. Non-period components, eg engine castings, oil filter castings, cylinder barrels and expansion chambers will not be permitted. External oil pumps are not permitted.

10 Clutch

Slipper clutches are not permitted. Dry clutches are not permitted unless originally fitted in the period.

11 Electric starters

Machines are not permitted to have an electric starter fitted.

12 Replica frames

Will be permitted provided they are dimensionally accurate copies of known period chassis. For chassis without known pedigree, entries must be supported by documentary evidence proving eligibility.

13 Sound

For classic machines entered in the Classic races, the ACU has granted a waiver of the sound level permitted under Standing Regulations.

14 Exhausts

Must comply with ACU Standing Regulations.
